

DipperEdge™

Increase safety, productivity and maintenance savings.

DipperEdge gives you:

- No heavy mechanical adapters
- 70% fewer parts
- 15% lighter lip*
- Faster cycle times

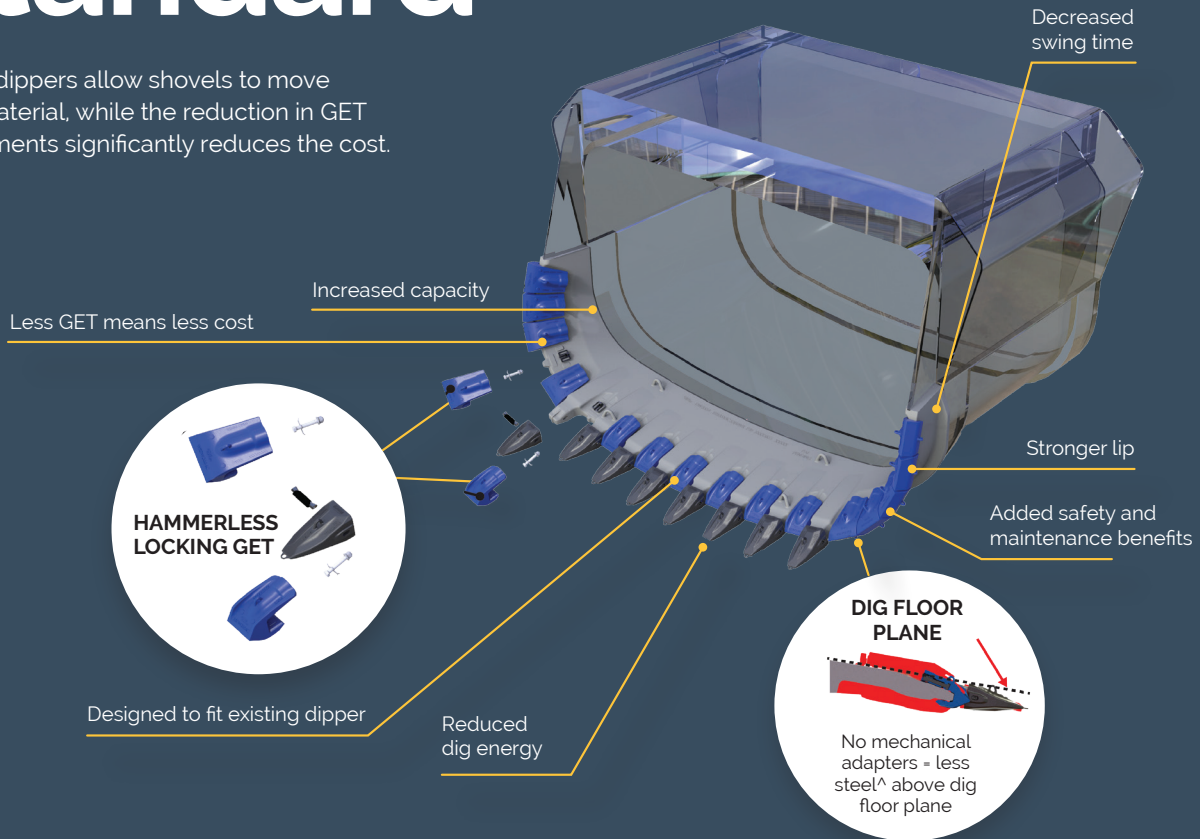

With the removal of adapters and the slimline profile of the DipperEdge Cast Lip System, mine sites could decrease their cost per tonne.

*Compared to Conventional Whistler Lip

Transform the Standard

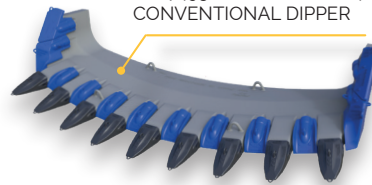

Lighter dippers allow shovels to move more material, while the reduction in GET requirements significantly reduces the cost.
