

Configuration conversion

Ensuring optimized rig configuration

Challenge accepted

In many mining and rock excavation operations, environmental parameters can change and equipment requirements can be impacted. Epiroc offers our customers the solution to adapt their equipment when this happens, with a custom engineered conversion kit.

Ensures safe and reliable, service repair

Designed to fit machine configurations

Tool length and sizes selected to optimize service

High quality professionally designed and manufactured

+ Main benefits

Lowest environmental impact, when operating in the best configuration possible for the working environment

Machine utilization and speed is optimized

Ensures great flexibility and adaptability

Epiroc does the searching and verification providing the solution

Conversion kits are custom created with evaluation on equipment capabilities and original machine configuration.

Conversion kits are possible for machine option configuration selections.

Installation instructions and spare part lists included in the solution. Extended documentation included if available and/or required.

Examples

Examples of configuration conversion kits

	Product line	Examples of machine types
Electrical conversion	Underground tunneling and mining	Boomer, Boltec, Simba
Power pack conversion to HP or LP	Rotary blasthole drill rigs	Pit Viper, Predator, Diamondback, Drill Master
Rod conversion	Rotary blasthole drill rigs	Pit Viper, Predator, Diamondback, Drill Master
Water mist option upgrade	Underground tunneling and mining	Boomer, Simba
Hydraulic feed conversion	Underground tunneling and mining	Boomer, Simba
Reverse Circulation	Surface mining and construction	FlexiROC, SmartROC
Screen handling	Underground tunneling and mining	Boltec
RCS3 to RCS4 upgrade	Underground tunneling and mining	Simba, Boomer, Boltec
Rod Handling System	Underground tunneling and mining	Boomer
Hole Blowing option upgrade	Underground tunneling and mining	Boomer
Hole Navigation System	Surface mining and construction	SmartROC
Total Station Navigation	Underground tunneling and mining	Boomer

United in performance. Inspired by innovation.

Performance unites us, innovation inspires us, and commitment drives us to keep moving forward. Count on Epiroc to deliver the solutions you need to succeed today and the technology to lead tomorrow.
