

# Hose workshop

For easy and convenient servicing of hydraulic hoses

# Reduce downtime and increase productivity

The Epiroc hose workshop is engineered to provide an immediate response and ensure that productivity is not compromised. It is designed with all the necessary equipment to make a complete hose assembly change out as quick and simple as possible.

Fully equipped for a safe and professional hose assembly.

Two front doors of which one also has an entrance door, and a side window with steel shutter.

Designed for optimized workspace.

20 ft ISO standard, steel container, internally insulated and fitted with a non-slip aluminium floor plating.

Portable for easy and cost effective transportation.

## + Main benefits

Optimal workshop work environment even in the harshest conditions.

Fully equipped to OEM specs for manufacturing hose assembly on-site.

Complete ergonomic and efficient hose assembly.

Easy to use and maintain, ideal for remote locations.

Increased efficiency, reduced downtime, and lowering plant operating costs.

Replacement tools can be ordered separately.

# Part numbers

Part number	Description	Remark
6060 1016 10	Hose workshop	20 feet

## Including the following equipment

9106 1016 95	Crimper machine	Crimping range 10 - 87 mm (0.39 - 3.42 Inch), crimping force 200 Tons ( 2000 kN), and Max hose size up to 2"
0457 4000 11	Cutting machine	Manually operated completed with a smoke evacuation (230/400/460V) 3-phase
9106 2073 37	Skiving machine	External and internal skiving of hydraulic hose from 3/16" to 2", the machine is easily controlled by a foot pedal
0457 4000 04	Cleaning machine	Effective cleaning by compressed air of hoses up to 2" and tubes up to 60mm ID
9106 1016 94	Hose reel	One stage hose reel designed for hoses or cable
2659 5970 78	Label or tag printer tools	Labels for identification of finished hose assembly, easy to program, and can create multiple labels or tags

Also includes a number of accessories such as tool hooks, plastic hammer, screwdriver set, 4, 5 and 6 mm, wrench, wire cutters, protractor, oil can, metal saw plastic boxes, lighting, swage table holder, measuring rail (2 m), and a set of all required screws.

# United in performance. Inspired by innovation.

Performance unites us, innovation inspires us, and commitment drives us to keep moving forward. Count on Epiroc to deliver the solutions you need to succeed today and the technology to lead tomorrow.
